## General Predictions Related to Native

### General Characteristics :-

Your Ascendant falls in the Leo sign. This sign has been classified as a fiery, fixed or grave sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is sterile and bestial by nature.

For being born in this Ascendant, you are likely to be endowed with an impressive appearance and firm disposition; your nature will be proud and fearless - rich in life and feeling. You will be ambitious - fond of pomp and magnanimity; but you will always resent any kind of clique and secrecy. You will be very rude towards your adversaries and will be determined to destroy them at any cost. You will be very courteous and generous as well; will remain ever optimistic, high-spirited, and oblivious to enmity. You will have unique adaptable quality and will easily mingle yourself with new / changed conditions. You will get success in your ventures easily and will achieve your goal. Your desired aspirations will be accomplished.

You will have a serious disposition, determined nature, and always believe in keeping promises and fulfilling commitments. You will be traditionalist and will have a firm believe in traditions and conventions. You will have a desire of living freely like a king. You will be authoritative and will command others. You will hate restrictions. For your majestic qualities, you will turn many heads and attract the attention of the people occupying authoritative positions. You will be faithful and kind-hearted, for which reason people in your circle will treat you with due respect. Your outlook towards life will be spiritual and philosophical. You will believe in God's existence and will have respect for him. You will not commit sinful acts. You will not be envious and malicious.

You will be nature loving and like to visit forest and hilly areas. You will have an inclination towards literature, music and art. Your attitude will be positive. You may have an intense desire to come to the fore; and for fulfilling your objective, you may work hard for acquiring some special abilities.

In your chart, the Moon is situated in sign Libra - the sign signified by a weighing balance as a symbol of Divine Justice - which is ruled by Venus. It is a movable, positive, and airy sign. You will be endowed with a kind, generous, and humane nature, and an amiable sympathetic disposition; your mind will be well balanced, and your imagination will be very fruitful. You will attach due importance to peaceful home-life, be a votary of harmony, and steadfastness in affection will be your main

characteristic quality. You will rise in your life by dint of your own merit and abilities, while you may also face sudden fall or dislocation owing to your own fault or blunder-like mistake. You are likely to get married to someone hailing from a family of higher socio-economic status, but you may lack harmony in your married life owing to wide differences - not only in backgrounds, but also in principles.

If some benign modifying influences are not present in your chart, you may not be very happy in your early childhood - it might be due to financial inconveniences, but more probably owing to one of your family-members - who might have become a source of insurmountable worries to you. But later the situation will be considerably improved - possibly taking effect with change of place of residence - which may and can happen when you would join in a profession, and/ or get married. Such a change would surely be a landmark in your life.

You will have a genial nature, but you may at the same time have some inherent weakness also - as you are prone to be influenced by males quite easily; you might also be disposed to some undesirable habits and sheer extravagance - these might take you on the verge of ruin. Although you will be very intelligent and quite clever, and understand the general affairs of business and profession pretty well, your nature could be always somewhat unsteady and dwindling, and your restless mind may encourage you to go abruptly off the course for pursuing a perceived golden goose that is wrongly believed to lie within easy reach - just on the greener side of the fence.

You may pursue some hobby that may some years later become your mainstream of profession; in addition or alternately, at the same time or at two different times, you may follow two different streams of profession. The situation will however improve for the better - as you would mature with age and experience. All your life, you will remain faithful to your friends, and oblivious to your enemies. For your sense of probity and justice, you will command due appreciation, admiration and respect from the people in general.

### Physical Appearance :-

Your complexion will be reddish. You are likely to have an impressive physical structure. Your face is likely to be oval shaped and the forehead may be prominent. Your distinctive features will be your upright walk with a sunny cheerful disposition. With these, you will be the center of attraction wherever you go.
